—Kansas City has been selected as the place of meeting of the national association of the Christian church.

—The next grand lodge, Knights of Pythias, meets at Kansas City. The next Masonic grand lodge meets at St. Louis.

—All of the weather prophets in northwest Missouri agree that the coming winter will be an uncommonly short and mild one.

—Jerry G. Williams, of Craig, and Miss Leta Carmichael, of Mound City, were united in marriage by Squire Glass at his residence in Bigelow, Oct. 18, 1899.

—Just because a newspaper man drifts about with a tough crew, and writes 'em up, protest Editor Adams in the Webb City Sentinel, 'is no whole lot of places for news where we would not think of going as a matter of choice. Because we write up a wedding is no sign that we are in the market. If it happens to be caught in a crowd of drunks it is no sign that we are full of Anheuser. If we are seen with a lot of hogs the inference is not to be drawn that we have bristles on our back.

—An exchange has the following which will be appreciated: The devil was the first coacher. He coached Eve when she stole first. Adam stole second. When Isaac met Rebecca at the well, she was walking with a pitcher. Samson struck out a good many times when he beat the Philistines. Moses made the first run when he slew the Egyptians. Abraham made a sacrifice. The prodigal son made a home run. David was a long distance thrower, and Moses shot out the Egyptians. Red Sox. The game was called on account of wet grounds when the flood came.

—The director of ports at Manila, Philippines, reports that large numbers of letters addressed to soldiers and sailors at that office are undelivered, through the failure of senders to place on the envelope the name of the company and regiment, or other organization to which the addressee belongs. All mail matter addressed to persons connected with the United States service in the Philippines, is insured delivery, not only bear the name of the addressee, but the full designation of the particular branch of the service to which he belongs, viz: If to a soldier, it must bear the name of his company and regiment; if to a sailor, the name of his vessel, and if in any other branch of the public service, the designation of that branch.
